Mitch/Dennis

Just got the revision from the contractor so now we hope to award... Had some issues with the disposal/storage facility in TX. The 30th of Dec will be aggressive, but we can shoot for it.

Hans

Subject: question re: removal

Dennis and Hans:

Roughly, how close are you to removing the pole building waste from the Site? Do you think it will be gone by Dec. 30, 2006?

Thanks,

Mitch
